

## ***Call for Abstracts for the Young Researchers Science Slam***

### **Submit an abstract for the Young Researchers' Science Slam – a late breaking format beyond regular submission**

On behalf of the EAPM Special Interest Group “Young Researchers”, we invite all young researchers (students, residents, PhD students, Post Docs) to submit their scientific work for the EAPM 2019 Young Researchers Science Slam.

#### **How do I submit an abstract?**

This is a late breaking format beyond regular EAPM submission for which you may submit research that you are presenting in a more formal way at a different occasion or which may be new to the conference's audience. You can also submit an abstract for the science slam in addition to your regular EAPM submission.

**Please submit your abstract to [EAPM.youngresearchers@uke.de](mailto:EAPM.youngresearchers@uke.de).  
Submission deadline is April 15, 2019.**

Abstracts can be submitted using one of the following formats:

#### **1. Written abstract**

- No longer than 250 words
- Title of the Symposium (i.e., Young Researchers Science Slam)
- Title of the abstract
- Names and institutions of all authors
- E-mail address of the corresponding author
- The structure of the abstract is open, the abstract should show that your research is interesting and innovative. You can also provide graphs or figures.
- Please submit your document as pdf

#### **2. Video abstract**

- Instead of a written abstract, you can submit a brief, 2-4 minutes video of yourself explaining your research. Smartphone quality is fine.
- The video abstract should show that your research is interesting and innovative.

Please provide the following additional information in a pdf file:

- Title of the Symposium (i.e., Young Researchers Science Slam)
- Title of the abstract
- Names and institutions of all authors
- E-mail address of the corresponding author

We are looking forward to an intense fun event at the EAPM in Rotterdam. Come up with your contributions,

Miriam Depping ([m.depping@uke.de](mailto:m.depping@uke.de)) and Meike Shedden Mora ([m.shedden-mora@uke.de](mailto:m.shedden-mora@uke.de))
